### **Professional Summary**

Dedicated Frontend Developer with hands-on experience in developing responsive websites and providing development services, specializing in the payment gateway industry. Proficient in HTML5, CSS3, JavaScript, Bootstrap, React Js, and WordPress. Proven ability to create user-friendly interfaces and collaborate with cross-functional teams to deliver high-quality projects.

### **Skills**

HTML5 | CSS3 | JavaScript | Bootstrap | React Js | WordPress

Tools & Libraries: Cleave.js, WooCommerce

Areas of Expertise: Responsive Web Design, User Interface Design, Payment Gateway Integration, E-commerce Solutions, Customer Relationship Management

### **Professional Experience**

#### **Freelance Frontend Developer (Dubai, UAE)**

October 2023 – February 2024

- Developed a customer management panel for an online gaming company, including features such as marketing agent listings, customer data management, and financial statistics.
- Collaborated with tech and marketing teams to analyze business needs and develop the required tech stack.

#### **Freelance Frontend Developer (NSP, Pitampura, Delhi)**

December 2022 – April 2023

- Created a responsive admin panel for Customer Relationship Management in the payment gateway industry, featuring dashboards, transaction filters, and report downloads.
- Designed merchant panels for tracking business metrics like profits, revenue, and sales data.

#### **Freelance Frontend Developer (New Delhi)**

April 2022 - April 2023

- Developed credit card templates and payment pages with multiple payment options using React Js and Cleave.js for form validation.
- Built two e-commerce websites using WordPress and WooCommerce.
- Led frontend development, creating user-friendly dashboards and payment pages.

#### **Freelance Frontend Developer (Gurugram)**

August 2022 – December 2022

- Developed frontend components for a payment gateway, including merchant panels, analytics, and transaction history pages, using React Js.
- Collaborated with backend teams for API integration, ensuring seamless code quality and adherence to best practices.

#### **Freelance Frontend Developer (Hisar)**

December 2021 – February 2022

- Created a responsive website for an artificial bionics manufacturing company, including admin functionalities and statistics.
- Enhanced existing WordPress websites for performance and design improvements.

#### **Freelance Frontend Developer (ABS Enterprise, Mandi Adampur, Hisar)**

July 2022 – September 2022

- Developed a responsive website for broadband service listings, including subscriber and admin login features.
- Provided maintenance and support for pre-existing website services.
